

WINE ENTHUSIAST

"Building on its legacy as the first commercial Pinot Noir vineyard in the Willamette Valley, The Eyrie Vineyards is becoming a leader in regenerative and sustainable farming. Since David Lett planted his first vines in 1965, the vineyard has never been treated with chemical fertilizer, plowed or irrigated, and native plants thrive between the vineyard rows. This commitment to low-impact farming has helped maintain a diverse mix of plant and animal life, leading to a vibrant and healthy vineyard that continues to produce excellent wines."

Wine & Spirits TOP 100

2019 Dundee Hills
Chardonnay
Estate
95 Points

"Every year, Wine & Spirits tastes thousands of wines through an exclusive blind tasting process and, from those tastings, the editors select the Top 100 Wineries of the year. "

2019 Dundee Hills
Pinot noir
South Block
95 Points

2020 Dundee Hills
Pinot gris Estate
95 Points

Decanter

"This is the bar by which many Willamette Valley producers measure their own Pinot gris. Made with certified organic grapes, the wine's pale moonbeam colour casts its glow on aromas of orange blossom honey, lemon verbena and a trace of vanilla. Flavours of honeycomb, lemon sorbet and white grapefruit complement a lithesome texture backed by acidity that packs a pop."

- Michael Alberty April 2022

OREGON WINE PRESS

Words from Philippe André 2022 IPNC Master of Ceremonies

"Among the memorable wines André sampled during the celebration included a "hauntingly fresh" 1973 Riesling by The Eyrie Vineyard's David Lett, He also had high praise for older vintages from The Eyrie Vineyards. "If these wines can stand up to the test of time for 10,15,20 years, and you can showcase them alongside Grand Cru Burgundies, that for me is the seal of approval." he contended.
